MARLEY DRUG AWARDED FOR AIDING PATIENT ADHERENCE

Local Pharmacy Recognized for Helping Patients Take Medications on Time

Winston, Salem, North Carolina, 10-2-17 – Blue Cross and Blue Shield of NC (“Blue Cross NC”) announced the winners of the inaugural 2016 Excellence in Pharmacy Award during the North Carolina Association of Pharmacists (NCAP) Annual Convention on September 22. Marley Drug was the recipient of the Top Achiever Award in the Triad region for a new quality recognition program for NC pharmacies serving Blue Medicare members.

BlueCross BlueShield of North Carolina

The new recognition program acknowledges the import role of the pharmacy team to help Blue

Medicare members remain compliant with their medications. Marley Drug was the top achiever for the following awards: Adherence for non-insulin diabetes medications, Adherence for hypertension medications (RAS antagonists), and Adherence for cholesterol medications (Statins).

“Each year in the United States nearly half of all prescriptions filled are taken incorrectly,” said Dave Marley, CEO/President of Marley Drug. “Our team is dedicated to doing their part and helping all patients take their medications on time, every time. We want everyone to stay on their healthy path and remain compliant with their medication regimen.”

For more information on the North Carolina Association of Pharmacists and their role in advancing pharmacy and improving health, visit ncpharmacists.org. To learn more about Marley Drug and their commitment to medication adherence, visit marleydrug.com.

Marley Drug was established in 2003 by Dave Marley, PharmD to offer accessible, cost effective and high quality pharmacy services to employers and other health care consumers in North Carolina. In 2011, Marley Drug expanded its reach, and is serving 35 states with their Extended Supply mail order drug program. Marley Drug is committed to improving the health status of their patients and the communities they serve while reducing overall health care costs for employers and other health care consumers. For more information visit www.marleydrug.com. To learn more about The Extended Supply Generic Drug Program call 800.286.6781 or email marleydrug@bellsouth.net.
