FIRST COMMUNITY BANK SAVES BIG WITH MARLEY DRUG

First Community Bank & Employees Save Hundreds on Prescription Drugs

Winston, Salem, North Carolina, 11/19/13 –

Neighborhood pharmacy, Marley Drug, introduces its Generic Drug Program to First Community Bank to improve prescription drug benefits for their employees without increasing co-pays or limiting access to popular generics.

To reduce expensive drug benefit costs and save their employees hundreds on co-pays and deductibles, First Community Bank facilitated Marley Drug's Extended Supply Generic Drug Program into their open enrollment. Since their employees have started using Marley Drug, the transaction is kept directly between employees and the pharmacy, and First Community Bank does not receive a bill from the pharmacy benefits manager (PBM).

With Marley Drug, a one-year supply of generic Omeprazole 20mg costs the employee a one-time fee of \$70 and eliminates any charge to the employer by the PBM. When submitting a claim, a one-year supply of the same drug costs the employer over \$600.

"It's outrageous how much claims processors charge. By not filing a claim, self-insured companies can save thousands. An employer with 400 employees can save over \$85,000 in the course of a year if all their employees go through Marley Drug. In addition, their employees save hundreds on co-pays and benefit from our extensive list of generic drugs," said Dave Marley, CEO/President of Marley Drug.

Marley Drug's Extended Supply Generic Drug Program offers over 400 generic drugs and is designed to reduce drug spending for customers, employers and their employees. As an independently owned pharmacy, Marley Drug provides free shipping anywhere in North Carolina, South Carolina, Georgia, Florida, New York, New Jersey, Rhode Island and Pennsylvania; and customers have access to call in refill requests 24 hours a day, seven days a week.

For more information about The Extended Supply Generic Drug Program call (800) -286-6781 or email marleydrug@bellsouth.net

First Community Bank is a comprehensive banking and financial services company with 67 financial centers located in West Virginia, Virginia, North Carolina, Tennessee and South Carolina (as People's Community Bank).
