MARLEY DRUG ACHIEVES SOUTH CAROLINA PHARMACY PERMIT

Extended Supply Generic Drug Program Permitted to Extend South of NC Border

Winston, Salem, North Carolina, 5/20/13 – Marley Drug received their South Carolina pharmacy permit on May, 13, 2013 in efforts to share the benefits of their Extended Supply Generic Drug Program with others outside of North Carolina. The program is designed to reduce drug benefit costs to employers and save employees and pharmacy customers hundreds on co-pays and deductibles.

"It's my moral mission to spread our program to all those who are tired of paying thousands out-of-pocket for name-brand prescription drugs. When our neighbors in South Carolina saw the ad for our generic drug program in the Charlotte Observer, they started asking for us to mail prescriptions. So I rushed to get the permit to help these folks out," said Dave Marley, CEO/President of Marley Drug. Dave Marley is also President of Pharmacists United for Truth and Transparency (PUTT), an independent watchdog organization dedicated to exposing PBMs (Pharmacy Benefit Managers) for driving up prescription drug costs for consumers and employers.

Obtaining their South Carolina pharmacy permit within one month, Marley Drug is also in the process of receiving permits from New York, New Jersey and Maryland; and has permission to begin shipping to Pennsylvania and Georgia immediately, because these states have no out-of-state pharmacy requirements. In addition, Marley Drug's long-term goal is to continue acquiring permits across the country, even in the states that require both the pharmacy permit and at least one licensed pharmacist for that state, such as Virginia where he will travel and study their pharmacy laws.

Marley Drug's Extended Supply Generic Drug Program offers over 400 generic drugs and is designed to reduce drug spending for customers, employers and their employees. As an independently owned pharmacy, Marley Drug provides free shipping anywhere in North Carolina and customers have access to call in refill requests 24 hours a day, seven days a week. Marley Drug also carries an extensive line of durable medical equipment, such as wheelchairs, walkers, lift chairs, bathroom safety products and much more. For more information about The Extended Supply Generic Drug Program call (336) 771-7672 or email marleydrug@bellsouth.net.
