

WE NOW HAVE AVAILABLE LOW COST ALTERNATIVE TO LIVALO® TABLETS!

Pitavastatin, the active ingredient in Livalo®, is now available as a pharmaceutical alternative, Zypitamag® (pitavastatin), and the cash price is **MUCH** more affordable than Livalo®.

- Zypitamag 2 mg is the FDA approved pharmaceutical alternative of Livalo® 2 mg tablet.
- Zypitamag 4 mg is the FDA approved pharmaceutical alternative of Livalo® 4 mg tablet.

Zypitamag®
PITAVASTATIN

The FDA has not approved generic Livalo®. Zypitamag is not a generic of Livalo, but instead a pharmaceutical alternative. Zypitamag is only available in 2 mg and 4 mg formats.

We **CANNOT** substitute any prescription (or refill) written for Livalo® without a phone call to the prescriber to get authorization for the following new Rx:

FOR 2mg

 *Zypitamag 2 mg #30 -
Take 1 tablet per day*

FOR 4mg

 *Zypitamag 4 mg #30 -
Take 1 tablet per day*

Going forward, just be sure to write all new Rxs for pitavastatin in the format above.

*As with most branded products, Marley Drug offers great prices based on our acquisition cost. We have no control over our competitor's price.

Prescribers: You can phone, fax, or EScript the prescription to Marley Drug. We are in all EMR systems and the only Marley Drug located in North Carolina. Once we receive the Rx, we will call your patient, verify their information and collect payment. All packages are shipped priority mail and received within three business days.
